FORACE R. HALL,
Town Clerk.

Brookline, N. H., February 11, 1952

TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Brookline in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Daniels Academy Hall in said Town of Brookline on Tuesday, the eleventh day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear reports of agents, Auditors, Committees and all other officers heretofore chosen, and pass any vote relative to same.

4. To see what sum the Town will vote to raise and appropriate for highways and bridges.

5. To see what sum the Town will vote to raise and appropriate for Memorial Day.

6. To see what sum the Town will vote to raise and appropriate for the Public Library.

7. To see what sum the Town will vote to raise and appropriate for Cemeteries.

8. To see if the Town will vote to authorize the Selectmen to distribute inventory blanks when assessing, instead of mailing.

9. To see if the Town will vote to raise and appropriate the necessary sum of money for the Selectmen to publish 1952 valuations or take any action relative thereto.

10. To see if the Town will vote to allow any discount on taxes.

11. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

12. To see if the Town will vote to charge a twenty cent penalty on each Poll Tax remaining unpaid after September first, or take any action relative thereto.

13. To see if the Town will authorize the Selectmen to enter into contract for janitor service at the Town Hall or take any action relative thereto.

14. To see what sum the Town will vote to raise and appropriate for repair and improvement of Daniels Academy Building heating system or take any action relative thereto.

15. To see if the Town will vote to raise and appropriate the sum of \$200. for the control of the White Pine Blister Rust, in cooperation with the State Forestry and Recreation Department.

16. To see if the Town will vote to authorize the Selectmen to expend the surplus from the Municipal Court for police activity or take any action relative thereto.

17. To see if the Town will vote to authorize the Selectmen to sell the Town Hearse or take any action relative thereto.

18. To see if the Town will vote to discontinue the roads from the Hazel Austin property to the Kecy

Road and from the Ferguson Place to Charcoal Corners or take any action relative thereto.

19. To see what sum the Town will vote to authorize the Road Agent to pay for Town Road help or take any action relative thereto.

20. To see if the Town will vote to authorize the Selectmen to enter into a snow-plowing contract for a period of three years or take any action relative thereto.

21. To see if the Town will vote to authorize the Selectmen to enter into a snow-plowing contract for plowing public places for a period of three years or take any action relative thereto.

22. To see if the Town will vote to prohibit parking of vehicles on sidewalks, public ways and firehole entrances so as to obstruct snow removal and/or traffic. Penalty to be removal by police department at the owner's expense, or take any action relative thereto.

23. To see if the Town will vote to authorize the Selectmen to employ legal counsel at a cost of \$100. or take any action relative thereto.

24. To see if the Town will vote to authorize the Selectmen to appoint three Road Commissioners or take any action relative thereto.

25. To see if the Town will vote to raise and appropriate the sum of \$300. to add to the sum of \$1500. raised by the 1951 Town Meeting for tarring Springvale Road, Cleveland Hill Road, and Powers-Corey Road or take any action relative thereto.

26. To see if the Town will vote to raise and appropriate the sum necessary to secure State Aid for permanent improvement of highways or take any action relative thereto.

27. To see what sum the Town will vote to raise and appropriate to extend Pine Grove Cemetery.

28. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and make an appropriation to cover the expense of such audit.

29. To see if the Town will vote to authorize the Selectmen to register bicycles in the Town of Brookline, enact ordinances and penalties relative to operating bicycles or take any action relative thereto.

GENERAL REPORT OF SELECTMEN

The Selectmen would like to take this opportunity to present a brief outline of some of the questions that may be raised by this Annual Report.

1. **ROADS.** Road work in the Town was delayed considerably in 1951 for two reasons. First, the Selectmen did not have funds available until after September first for road work, and, secondly, the unusually wet fall created unfavorable conditions for road work. Considerable progress, however, was made in the brief time left before cold weather. It was not possible to spend the \$1500. properly to tar Springvale Road, Cleveland Hill Road and the Powers-Corey Road. It appeared that additional money was going to be needed to accomplish this work and an Article to this affect appears in the Warrant. It is hoped that in 1952 with the combination of the Special Tarring Fund, the regular appropriation and the TRA that the following work can be done. Tarring of the three roads mentioned above, resurfacing of part of the Old Milford Road as well as additional widening, and tarring on the Russell Hill Road, gravelling on the Oak Hill Road. This work is, of course, in addition to routine maintenance of all Town roads.

2. **BUILDING CODE.** The Building Code appears to be operating in the manner desired by the vote of the Town Meeting. However, further experience will be necessary before any conclusive ideas can be drawn.

3. **TAX RATE.** An increase in the County Tax of some \$2000. and a slight reduction rather than a \$7000. increase in State Aid to Schools made a reduction in our tax rate impossible. If these two items had come about as anticipated our tax rate would have been approximately \$10. per \$1000. less than it is at present.

4. **ASSESSMENT FORMULA.** In 1951 the Selectmen set up a basic formula for assessment in an attempt to record

accurate descriptions of property as well as to establish a fair and equal basis for assessment of all property. Such a system cannot be established definitely in a period of one year, but with the cooperation of property owners we hope to improve on this plan and feel that it will be beneficial to all concerned.

5. ASSESSMENT PUBLICATION. The Selectmen recommend to the people of the Town that the money be raised to publish a list of assessments since this has not been done since 1927. We feel that it would be a great help to the Selectmen as well as of interest to all tax payers.

6. PROPERTY SOLD. The Selectmen have sold three pieces of property during the past year. $8\frac{3}{4}$ acres of Fessenden Land, 7 acres of Brooks Land, and 40 acres of Barris Land. We hope that anyone interested in property remaining will contact the Selectmen.

REPORT OF THE MELENDY POND AUTHORITY

Progress at Melendy Pond was retarded considerably during the past year as a result of poor weather and inability of the Authority to get anyone to work on improvement of the road started the previous year. It is hoped that as soon as weather conditions will permit the plans of the Authority can materialize.

These plans mostly consist of improvement of roads. Primarily the Authority will concentrate on extending the road around the pond and will make passable the road built in 1950. A considerable amount of this work can be accomplished with the funds that the Authority has on hand augmented by the rents of the five lots which will be due April 1.

Two additional lots were leased in 1951 and rental of several more is anticipated, and it is expected that additional building on lots already leased will be completed during the coming year. If any of you know of people interested in leasing lots on Melendy Pond we hope you will refer them to any member of the Authority.

Melendy Pond Authority,

QUENTIN O. YOUNG, Chairman
GROVER C. FARWELL
WILLARD W. CUMMINGS
WILLIAM E. DUBBEN
F. C. BROWN

ALPHA A. HALL,

REPORT OF THE PLANNING BOARD

The Planning Board, set up by a Special Town Meeting in 1950, has held five meetings during 1951. The Board has divided itself into two sections.

Section I has attempted to find a solution to the garbage disposal problem. So that all citizens may have an opportunity to dispose of garbage in a practical manner. The Board investigated the possibility of a Town Incinerator or some other means of mechanically destroying garbage, but felt that any such plan would be too expensive. Through the efforts of several members of the Board a weekly collection of garbage in Brookline has been secured. This service will not be free to residents, but the fee is nominal. The Town has been obligated in no way by this solution.

Section II has considered the possibility of working out some of the details of a Tax Map and a Road Classification System. This work is far from complete since no funds are available. However, with the cooperation of the Army the Board hopes that by the next Town Meeting part of a Town Tax Map will be completed and the Road Classification System definitely established. During the coming year it will be very helpful to the Planning Board if anyone owning land in Brookline can furnish the Board with descriptive excerpts from deeds as well as any sketches of property which may be available. The Board will contact property owners on this matter in the near future.

In addition, the Board, in cooperation with the Chief of Police, has recommended certain regulations concerning Public Safety and road use. As a result of these discussions you will note in the Warrant two Articles concerning the licensing of bicycles and parking of automobiles.

The Board hopes during 1952 to prepare more information for the consideration of the Town concerning various long range plans as well as other regulations that will help in the future development of the Town of Brookline.

SCHOOL ADMINISTRATION

Instruction

Since our last report, there has been but one change in the teaching staff. Mrs. Pickering returned this fall to resume her primary work after recovery from a very serious illness. Mrs. Fay Stinson of Milford had acted as her capable substitute during the illness.

In connection with instruction, I wish to call attention to the new set-up with the Souhegan Nursing Association. I feel that we are getting more for our money than we ever had. Our arrangement with the nursing group calls for the assignment of one nurse to do only school work and have other nursing assistance in times of need. This applies to all the towns of this School Union. Up to the present, the arrangement has given good results and promises still better as we get acquainted with the needs and find how much can be done. The nurse is often a teacher, she visits homes and advises, she works with teachers and pupils, she is the center of the Health Program. Her duties are manifold—visiting, examinations, follow-up work, keeping records, first aid. The nurse maintains a liaison service between the school, home and community. She has to call upon many local agencies to meet the health needs of children. I feel satisfied that we are accomplishing most of the aims we set out to reach.

Workshops for teachers are of proven value in improving the quality of instruction. The last Workshop we held in September of this school year was by far the best we have had. The subject was Conservation and the quality of the leadership excellent. The teachers learned so many practical ways of teaching Conservation and now we see pupils doing many of these things. The follow-up is good and the pupils are profiting from it. When spring comes and nature begins to unfold, I am sure we will see more evidences of Conservation teaching. Another feature of this last Workshop was the fact

that it was started, arranged and carried through by a teachers' committee composed largely of interested ones who attended last summer's workshop at Lost River.

The Souhegan Bank, in one of its paid ads, paid splendid tribute to our teachers as "builders of tomorrow's America." Other organizations and companies join in such tributes. We read their words in magazines and special articles. We appreciate these kind words.

Finance

Below I again acquaint you with some figures to illustrate per pupil costs. Exclusive of Capital Outlay, Debt, Transportation and Tuition, the per pupils costs of Current Expenses for 1950-51 are:

	Grades 1-8	Grades 9-12
Amherst	\$122.68	\$375.20
Brookline	134.92 (1-6 only)	Grades 7-12 in Nashua
Hollis	131.08	268.85
Milford	134.99	277.71
Mont Vernon	206.38 (1-6 only)	Grades 7-12 in Milford
State of N. H.	161.94	271.75

Since tuition rates are developed from these figures, you can ascertain how near or how far you are from State figures. Of course, small enrollments and relatively high costs produce higher averages than the State.

State Aid is now a reality. A formula has been developed whereby the school may receive Aid based on the number of pupils in attendance at all grade levels and on its financial ability to support them. However, not enough money was appropriated to satisfy the formula, hence a proportional reduction to each district has to be made. With this reduction, the following amounts came to this Union this fall:

Amherst	\$2,558.81	Hollis	\$4,045.48

Needs

Some plan for increasing the radiation in the 3rd and 4th grade room should be carried out. There have been uncomfortable days there this winter.

I hope that the 5th and 6th grade room may be redecorated this summer and the artificial lighting improved. If both

cannot be done at once, let's plan on painting and then add lighting the next year.

I haven't yet given up on Art. We would like to obtain the services of an Art teacher for one day a week. But that is the difficulty—these teachers seem to be employed full-time already. We were disappointed in two instances last summer and in early fall. As a substitute, some of the teachers took a special Art Course this fall and have but recently had an exhibit showing their own work as well as work done by their pupils. This has filled the gap very capably. I hope we may have better success in obtaining part-time Art instruction for next year.

The Teacher's Job

A rather exhaustive survey of teachers' time has recently been completed. The report indicates that elementary teachers average 11.9 hours per week in out-of-class instructional duties, 28.3 hours in class instruction and 7.7 hours in miscellaneous duties. Secondary teachers average 13.0 hours, 23.1 hours and 11.9 hours for the same three activities. The totals are 47.9 hours for the elementary teachers and 48.0 hours for the secondary. Of course these results are averages, there being many teachers who work more and some less. It is interesting to note that a 48 hour week for 43 weeks is approximately the same as a 40 hour week for 52 weeks.

Certain criticisms of teachers and education come to mind, that the 3 R's are not being taught. This is no new criticism. In my time it has not been uncommon to pick up a paper and read editorially that children cannot read, write, spell and do figures like they used to twenty years ago. Probably this has occurred once every five years or so in the years since I grew up. But the children of today can do better than those of a past generation. The evidence is very plentiful and conclusive. Probably the best one I know concerns an experiment of giving to Wellesley Junior High pupils of today the same tests given in 1886 to same grade children in Springfield. The latter averaged 29% when they took them 65 years ago

while Wellesley pupils averaged 68%. To be sure many children get to high school without full skills in the fundamentals. But the explanation of this lack is not in the teaching but rather in the great change which has occurred in America relative to school attendance. When I went to high school, only a few attended. Those who couldn't keep up with the fundamentals dropped out. Now almost all the children attend. In 1870 we had 80,000 high students in America, now we have over 7 million. The great differences in ability, background and ambitions of all these children of all the people is now very marked. But all this merely points to the teacher's task. We have an alert staff that is trying to meet the needs of every child.

Kiplinger in a recent issue gives some good advice. Teachers want your friendship, your understanding and your help. So, why don't you visit them, get acquainted, find out their problems and not explode because they teach your child by a different method than you were taught, help in some of the projects? I feel sure you will find the results worth your effort.

Appreciation

Again I am grateful to the staff, to the Board and to you citizens for another year of accomplishment. The general co-operation has been good and I appreciate it.

Respectfully,

HAROLD C. BOWLEY,
Superintendent of Schools.
